

## Air Conditioning / Refrigeration Engineer – Guernsey

AFM are looking to recruit an Air Conditioning / Refrigeration Engineer to join our busy Mechanical Services Division in Guernsey.

The role would suit a time served F-Gas trained engineer who would be required work predominantly on air-conditioning, but also on customers' refrigeration equipment.

A brief description of works as follows:

- Diagnostics and repairs on split and VRF/VRV AC systems
- Split system replacement
- Chiller maintenance, diagnostics and repairs
- Close control air-conditioning (data centre and comms rooms) maintenance, diagnostics and repairs
- Small refrigeration system maintenance, diagnostics and repairs
- An ability to work on air source heat pumps is desirable

Applicants must have the ability to work both unsupervised and as part of a team.

### **Additional information:**

- This is a full time position with competitive salary, paid holiday and pension.
- 39 hour week with good overtime and call out pay rates.
- The package will also include uniform, vehicle and mobile phone.
- A driving licence is essential.
- Out of hours work/emergency call out attendance will be required.
- Due to the nature of our working environment the successful applicant will be required to undertake a full police disclosure and pre-employment screening.

If you would like to find out more information about this role, please contact our Human Resources team on 01481252111 or forward your CV to: *Human Resources, Amalgamated Facilities Management Ltd, PO Box 595, Garenne Park, Rue de la Cache, St Sampson's, Guernsey, GY1 6ND* or by email to: ***hr@amalgamatedfm.com***
