

Automated Door Engineer – Jersey

Amalgamated Facilities Management Ltd are recruiting a Door Engineer to join our busy team. The individual will be proficient in all aspects of automated doors, barrier systems and associated trades and possess the skills required to deliver the installation, servicing, maintenance, testing and repairs on all types of relevant systems.

Systems to include (but not limited to):

- Auto doors of all types (commercial and domestic)
- Car park barriers
- Domestic and industrial roller shutters
- Auto gates of all types (commercial and domestic)

Key Responsibilities:

- To carry out installation, commissioning, maintenance, reactive and service activities to automated doors/barriers and associated systems
- To undertake system fault finding and carry out repair procedures to meet our clients' needs
- To carry out on call support for all systems
- To demonstrate in depth knowledge of fault finding and safety requirements associated with the role

Additional info for this role:

- This is a full time position
- A driving licence is essential.
- Out of hours work/emergency call out attendance will be required.
- Due to the nature of our working environment the successful applicant will be required to undertake a full police disclosure and pre-employment screening

If you would like to apply for this role please forward your CV to the HR Team, Amalgamated Facilities Management Ltd, CTV House, La Pouquelaye, St Helier, Jersey, JE2 3TP or by email to: hr@amalgamatedfm.com
